Letter no Ass C 265/41-42 dated 26-4-43 from the Deputy Commissioner, Kolar Dist forwarding a report on the proposal to levy octroi duty on certain fresh articles in the Bowringpet Town Municipality and requesting sanction to the octroi bye-laws framed by the Municipal Council and to the proposal to levy octroi duty on certain fresh articles

Tobacco, Tobacco dust, Cigarettes, Beedies, Cigars, Piece goods

12) It is reported that only the manufactured goods are being subjected to octroi duty in the Bowringpet Town Municipality. While many other articles are left out even though they are imported in considerable quantities

13) On the representations of the D C Kolar Dist the Bowringpet Town Municipal Council have proposed to levy octroi duty on the

Levy of octroi duty on certain additional articles in the Bowringpet Muny

Continuation Sheet | HL File No / Current No | of 42 | Page

Flag A

following the articles more articles viz (1) Kerosine oil (2) oil seeds (3) groundnut oil (4) gingili oil (5) Cocoanut oil (6) fresh Co-coanuts (7) dry Co Coanuts (8) Sugar (9) betal leaves (10) Sheep and goats

14) In response to the notification calling for objections against the proposal to levy octroi duty on the aforesaid additional articles, many objection petitions protesting against the proposal in question have been received in this office and office of the D C and the Bowringpet Municipal office. The D C has reported that the objection petitions are mostly from the merchants and not by the consumers. But this is not of much importance as the duty with have to be paid ultimately by the consumer only. From the point of view of the merchants it is urged that if the articles in question are subjected to duty, the trade of Bowringpet will be diverted to K. G. F. which is very near to the place and where there is no corresponding levy of duty. In some of the petitions, it is stated that, when, octroi duty was levied on certain articles previously, some of the merchants of the place migrated to K G F where there is no duty on them

15) In view of the existing

Levy of Octroi duty on certain additional articles imported into the Bowringpet-Town Municipality

Continuation Sheet NL File No / Current No of 42 Page 5 6981

economic conditions, this is rather an inopportune time to levy fresh taxes as it would raise the price of the articles. The contention of the majority of the merchants also being that the levy of the tax will divert the trade to the K G F area has also to be considered. In view of this, the D C will be requested to state whether it is a fact that the octacles no duty is being levied in the K G F area on the articles on which duty is now proposed to be levied at present in the Bowringpet-Town Municipality and what other arrangement is made at that place for the recovery of tax from merchants

12) Submitted with a draft letter to the D C Kolar (Encl 15)

13) The draft letter to the D C Kolar dt 27/7/43 calling for further information is for approval.

Levy of octroi in Municipal Area

Continuation Sheet MC/12 File No / Current No 119 of 41 Page

Letter No A5 C 2657/41 dt 25.10.43 from the DC Kolar Dist furnishing the info called for

2) In furnishing the info called for, the DC Kolar Dist requests Sanction to the Bye-laws for the levy of the duty, as already recommended

Sd/- 8/11 1) P.A keep up for meeting 8/11/43

2) The discrepancy noticeable as between the Statements flagged 'X' & 'Y' regarding the duty leviable on Cocoanuts dry & on Sheep & goats may be overlooked and the Statement flagged 'X', being an enclosure to the Copy of the Municipal Council Resolution submitted to the DC, may be taken as more authoritative of the bye laws, for the levy of the duty, Sanctioned

Sd/- 9/11 3) These papers relate to the question of levy of octroi in the Municipal Area on certain fresh articles

4) At present octroi is being levied in the above Municipal Area on tobacco, tobacco dust, cigarettes, beedis cigars & piecegoods only with a view to increase the income from of the Municipality, the MC have proposed to levy octroi on more articles viz (1) Kerosene oil

Levy of octroi - in Borough of Tuticorin

Continuation Sheet — File No / Current No 115 of 45 Page 7

(12) oil seeds (13) groundnut oil (14) Sesame oil (15) Cocoanut oil (16) Fresh cocoanut (17) dry cocoanut, (18) Sugar (19) Betel leaves & (20) other goods. The rates are those than in Flat W they are within the maxima prescribed in schedule II of the Town Act. It is anticipated by this levy there would be a probable revenue of Rs 13,350 per yr. to the Municipal Council. It is also recommended that the duty on octroi may be enhanced to keep up per manner

7) There were 18 objection petitions protesting against the levy of the octroi on the above fresh articles. These have been considered by the Municipal Council who have come to the conclusion that the objections have emanated from the merchant class and not from the consumers. The rates proposed are also moderate & would not inflict hardship on the consumers of these articles are subjected to octroi in the municipality also

8) The Collector recommends that the levy need not be postponed & that the proposal of the Borough Municipal

By Order,

Secretary

To

The Chief Secretary to the Government, in Mysore,

BANGALORE.

Sir,

We, the citizens of the town, Bowringpet, most respectfully beg to place before you a few following facts for your kind perusal, consideration and deserving disposal in the interest of our petty beautiful town and its trade.

When the President of the local Municipality issued a circular to elicit public opinion regarding the proposed leavy of Octroi on various commodities in this town, from all corners of this place, people protested against such a wrong step of the municipality, because we know the result experienced and being felt by us after leavying such Octroi on Tobacco, Beedies, Cigarattes and cloth. We had clearly brought to the notice of the President that such a step would be, no doubt, useful to the municipality, but harmful to the town and its trade. Instead, we suggested other ways in our protest petitions how to enhance the income of the municipality for which all of us and all most all the citizens of this place, were and are unanimous in opinion. This was not cared by the President and rejected our opinions and bent upon to introduce Octroi duty in the town. The cause we are at a loss to understand. In spite of all our protests the President brought the resolution to be discussed in the council. Two members were not read out of our protests. When the President found once the strength of the opposers in the council, simply put off the question without further discussion on the subject. Your good-self may kindly refer agenda book of the local municipality the number of times such subject was placed for discussion, but owing to the strength of opposers in the council every time the President defferred the subject and could not get it passed. Two complete years passed since the subject was first

15

subject was first proposed. However, one fine day on the 1st February 1943 he got an opportunity to place the subject before the council when there was no strength of oppesition and the presence of members was thin in the council which also may kindly be referred.

We, therefore, approach you to place our protest before you and in support of our protest we beg/to give some reasons for which we do not want Octroi in this town. That after leavy of Octroi on Tobacco, Cigarettes, beedies and cloth some 25 whole sale merchants of those commodities of this place have shifted to other near-by places where there is no Octroi, mostly to A.G.F. area. Now they are all dealing directly from abroad to A.G.F. alone. This caused Bowringpet ~~merchant~~ market to lose fifty thousand rupees business per mensem. Therefore, Sir, you may well imagine what will happen after fresh Octroi on other proposed commodities would be leavied in this town. Since A.G.F. area is closed by to Bowringpet, naturally all the godowns of those commodities will be shifted to that place. Then some 15 more whole-sale mercharts vacate this place and about ½ a lakh of rupees trade of those particular commodities will/also go away. As these dealers not only deal in those commodities alone, also/deal in other too, ~~Therefore~~ Consequently the loss of trade in this town will be more than one Lakh of rupees per month. When all these big merchants go away, many other merchants who have depended on them/have also to desert this place as well as the labourers.

Because, we have settled in this place/and we do not want to see our petty hand some town spoiled by the hands our so patriotic councillors and their President, we suggested the following ways to avoid the Octroi.

1) That Octroi can not be leavied in this town because the importance of this market and trade is due to the populated/ K. G. F. area. It is close to this place. We heard from our ancestors that there is ~~our~~ an agreement between ~~between~~

16

between the Government and the mining authorities not to leavy any kind of tax on the merchandise such as food stuffs and other necessary daily useable things.

2) That, instead of leavying Octroi on commodities licensing system to the shops can be introduced. That shop keepers should obtain lacenses for their business, the fee may be fixed as per their business of retail and whole sale. Thus the income will be ~~greatful~~ greatly enhanced more than the octroi duty actually collected.

3) Even profession tax may also be leavied on the people other than merchants.

4) To lessen the nuisence of stray sheep and Goats and dogs in the town the municipalitye can take steps to leavy a nominal tax of As.0-4-0 per Goat or sheep or Dog per year.

When such suitable taxes, which will neither affect our town nor the merchants and trade, will yield easily about Rs.2500/- per annum.

Speaking truly of our town, which has become so important in this district is not due to any industrial firms or Factories or any other ways but due to the merchantile community only. If the merchants move away from this place, the Bowringpot once was called Marmuttlu, must once again be called as Marmutlu by the future generation by the ~~face~~ grace of our councillors and their president.

Such a subject was brought before the council many times from last 20 years but rejected at every time by the then councillor s, therefore beg respectfully to approach and request you to kindly refer all the old records and the petitions relating to this subject before you to give your kind assent to this resolution and pray your good-self for the rejection of the same in view of various disadvantages and inconveniences, move in the interest of this petty and hand some town and the trade.

We beg to remain,
Sir,
Your most obedient servants,

BOWRINGPET.

Subject - Levy of octroi duty on certain fresh articles in Bowringpet Municipality

Sir,

In forwarding herewith the entire file of records relating to the above, I have the honour to state as follows -

As a result of repeated observations made during the inspection of the Municipal Offices, Bowringpet that only six articles noted in the margin are subjected to octroi duty while many other articles are left out even though they are imported in considerable quantities to the town, the Municipal Council have at last decided at their final meeting on 1-2-43 to levy octroi on ten more commodities viz., Kerosine oil, Oil seeds, Groundnuts oil, gingelly oil cocoanut oil, fresh cocoanuts, dry coconuts, sugar, betal leaves, sheep and goats The list containing the rates they have proposed as finally decided by them in their meeting on 1-2-43 is flagged "A" For this purpose they have framed a set of draft bye-laws under clause (k) of sub section (1) of section 48 of Town Municipalities Act of 1933 The draft Bye-laws as approved by the Municipal Council in their first meeting held on 31-8-41 were notified and objections relating to them if any were called for from the inhabitants of the town as required under section 48(2) of the Town Municipalities Act This raised a chorus of protest from some people of that place who petitioned to Government and this office not to sanction the proposed levy of octroi on additional articles Several objection petitions protesting against the proposed taxation were also presented to the Council Thus there were in all about 18 objection petitions preferred to the levy of fresh octroi All these objection petitions were considered by the Municipal Council in their subsequent meetings held on 1-2-43 and the Council rejected them on the ground that the objections are only from the merchants likely to be affected by the levy and not from consumers and resolved to obtain sanction of Government to the adoption of the bye-laws and the levy of octroi on fresh articles in the town

Tobacco, Tobacco dust, Cigarettes, Beedies, Cigars, Piece goods ----

It is reported that the levy of additional taxation now proposed and the introduction of these byelaws are very essential to improve the finance of the Municipality and to extend further civic amenities such as water supply etc., to their citizens as it would fetch an income of about 9 to 10 thousand rupees per year under the head octroi

From the perusal of the records, it can be seen that the names and the rates at which the octroi will be levied on fresh artiles are not mentioned either in the draft bye-laws framed or in the first and final resolutions of Council But for this purpose, a notice flagged "B" showing the list of articles liable to octroi duty in the

p t o

231/1

Municipality has been widely published in the town this may be considered sufficient the list has however been further modified as finally decided by the Council on 1-2-43 This is (flagged "B") The list flagged "A" and as further amended in list flagged 'B' will have to be included as schedule IV to the proposed draft bye-laws The following sentence "Octroi duty on several articles and at rates not exceeding those prescribed in schedule IV attached to the bye-laws" will have to be added at the end of the last sentence to draft bye-laws No 3 If this is done, it is hoped that the bye-laws will be complete

There are 18 objection petitions preferred to the levy of fresh octroi and it can be seen that they emanate mainly from the big merchants of the place The merchants are under the notion that by the proposed levy of octroi the trade at Bowringpet will be diverted to K G F where there is no corresponding levy But all most all commodities on which the Bowringpet Municipal Council now proposes to levy octroi are being subjected to payment of octroi in the other Municipalities in the State Moreover this levy would result in a substantial income of about ten thousand rupees per year which could be utilised for the benefit of public welfare, as the resolution states, there is no objection from the consumers From a perusal of the rates now proposed it appears that they are very moderate and would not inflict any hardship on the consumers Thus the benefits derived from the levy of octroi duty will outweigh the objections raised by the merchant class

In these circumstances, I am of opinion that the draft bye-laws may be sanctioned and request you to be so good as to obtain orders of Government to sanction the proposed octroi bye-laws and also to levy octroi on the commodities mentioned in the bye list (flagged 'A') in addition to the existing levy of octroi on articles noted in the margin of the first para of this letter

I have the honour to be,
Sir,
Your most obedient servant,

G Venkata Krishna Rao

Subject Levy of Octroi duty on certain articles in Bowringpet Municipality

Sir,

With reference to correspondence ending with your letter No L 1187 M1 119-41-251 dated 28-7-43 on the above subject I have the honour to forward herewith the file of records ending with Bowringpet President's No H C 27/43-44 dated the 15th instant and to state that the particulars called for have been furnished by the President in his report

2 As regards the rate at which Octroi or Tobacco may be levied, it is reported that it may be enhanced to Rupee one per maund as suggested by Government

3 Whether the levy of the duty on the articles in question may be postponed, was considered in the light of the opinion furnished by the President, Seeing that the probable revenue under this head is expected to be about Rs 13350/- per year as noted in annexure 'A' and the financial position of the municipal council is poor, I am inclined to recommend that its levy may not be postponed and that the government may kindly be moved to sanction the Bye Laws for the levy of the duty, as already recommended

The connected records accompany for kind sanction of the levy of the duty in question

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District
